To the R:BASE Community:

Happy Holidays! On behalf of everyone at R:BASE Technologies, I want to thank you for being a valued member of the growing R:BASE Community.

It's been a pleasure serving the R:BASE community this year. In many respects, 2008 was a year of innovation and growth at R:BASE Technologies, as we transform our business to better meet the growing needs and expectations of our loyal R:BASE users and developers.

Celebrating our 10th anniversary in October, with a historical gathering of R:BASE users and developers from around the world, was also a landmark of our achievements.

Rest assured, there is a lot of exciting news coming in 2009, including the new releases of R:BASE eXtreme (v 9.0), revamped R:BASE Client/Server Development, R:BASE 7.7 for Windows with similar features and enhancements as R:BASE eXtreme (v 9.0), and more R:BASE Solutions, to be announced in the 2nd quarter of 2009.

Thanks again for making R:BASE a part of your world.

From all of us at R:BASE Technologies, we wish you a year of good health, happiness, prosperity, and peace.

Best personal regards,
