1 R:BASE 11 Quick Installation Guide

1.1 System Requirements

The following system specifications are recommended for the optimal use of R:BASE and R:BASE-related software.

Workstation Hardware

- 2-Core 2GHz+ CPU
- 2 GB of available RAM (4 GB recommended)
- 2 GB of available hard disk space
- 1024x768 or higher resolution video adapter and display
- Standard mouse or compatible pointing device
- Standard keyboard

Server Hardware

- 2-Core 2GHz+ CPU
- 6 GB of available RAM (8 GB recommended)

Operating System

- Microsoft Windows 11 (Professional)
- Microsoft Windows 10 (Professional)
- Microsoft Windows Server 2025
- Microsoft Windows Server 2022
- Microsoft Windows Server 2019
- Microsoft Windows Server 2016

Network

- Ethernet infrastructure (Gigabyte recommended)
- Internet connection recommended, but not required, for license activation, software updates, and support
- Anti-virus programs should exclude the R:BASE program, and any add-on product, executable and database files

1.2 Things You Will Need

- License Key

Before launching the installer, it is recommended that you have your 32-character License Key readily available. The License Key is provided in a document, with the email message, when the software was originally purchased. If you have lost or misplaced your License Key, please contact our Support Staff by email at support@rbase.com.

- Internet Access

The computer where the software will be launched should have access to the Internet for activation. The Internet access is used to visit the R:BASE Technologies Web site to provide your required Activation Key.

In instances where the software will be installed on a computer that is not connected to the Internet, you must then contact R:BASE Technologies to provide information displayed on the computer screen. Please contact our staff by email at activationkey@rbase.com. The Registration Number must be provided. The Registration Number is displayed on the invoice/order slip, and within the email, when the software was originally purchased.

1.3 Setup Initialization

Make sure to log into the computer as the Administrator when installing R:BASE. Otherwise, you will not be able to install the software properly.

Run the installer ".exe", provided by download, while physically sitting at the workstation to begin the installation process.

1.3.1 Welcome

The R:BASE 11 for Windows setup was designed to make the process as simple and efficient as possible. After the initialization process, you will be presented with the Welcome screen.

Click "Next" to this screen, you will be advance to the License screen.

1.3.2 License

The screenshot shows the 'R:BASE 11 Setup' window with the 'License Agreement' tab selected. The window title is 'R:BASE 11 Setup'. Below the title bar, the text 'License Agreement' is displayed, followed by 'You must agree with the license agreement below to proceed.' In the top right corner, there is a blue square icon with a white 'R'. The main content area is titled 'R:BASE TECHNOLOGIES, INC. LICENSE AGREEMENT' in bold. Below this, it says 'R:BASE 11 for Windows' in blue and 'Single Seat License' in red. A paragraph of legal text follows, explaining the terms of the license. At the bottom, there are two radio buttons: 'I accept the license agreement.' (which is selected) and 'I do not accept the license agreement.' To the right of these buttons is a 'Print' button. At the very bottom of the window, there is a dark blue bar containing the copyright notice 'Copyright © 1982-2023 R:BASE Technologies Inc.' on the left, and three buttons: '< Back', 'Next >', and 'Cancel' on the right.

R:BASE 11 Setup

License Agreement

You must agree with the license agreement below to proceed.

R:BASE TECHNOLOGIES, INC. LICENSE AGREEMENT

R:BASE 11 for Windows
Single Seat License

This is a legal agreement between you, the end user ("Licensee"), and R:BASE Technologies, Inc. ("RBTI"). Please read the terms and conditions of this License Agreement before using this software. By you selecting "I accept the license agreement" and clicking "Next" during product installation means you expressly accept the terms and conditions of this Agreement. If you do not accept the terms and conditions of this Agreement, you must stop installing the Product and click "Cancel". Your money will be refunded based upon proof of purchase, and in compliance with the return period described in the LIMITED WARRANTY below. A violation of the License, brings damage both financially and to the reputation of RBTI, and in the occurrence of either, both termination of the

☐ I accept the license agreement.

☒ I do not accept the license agreement.

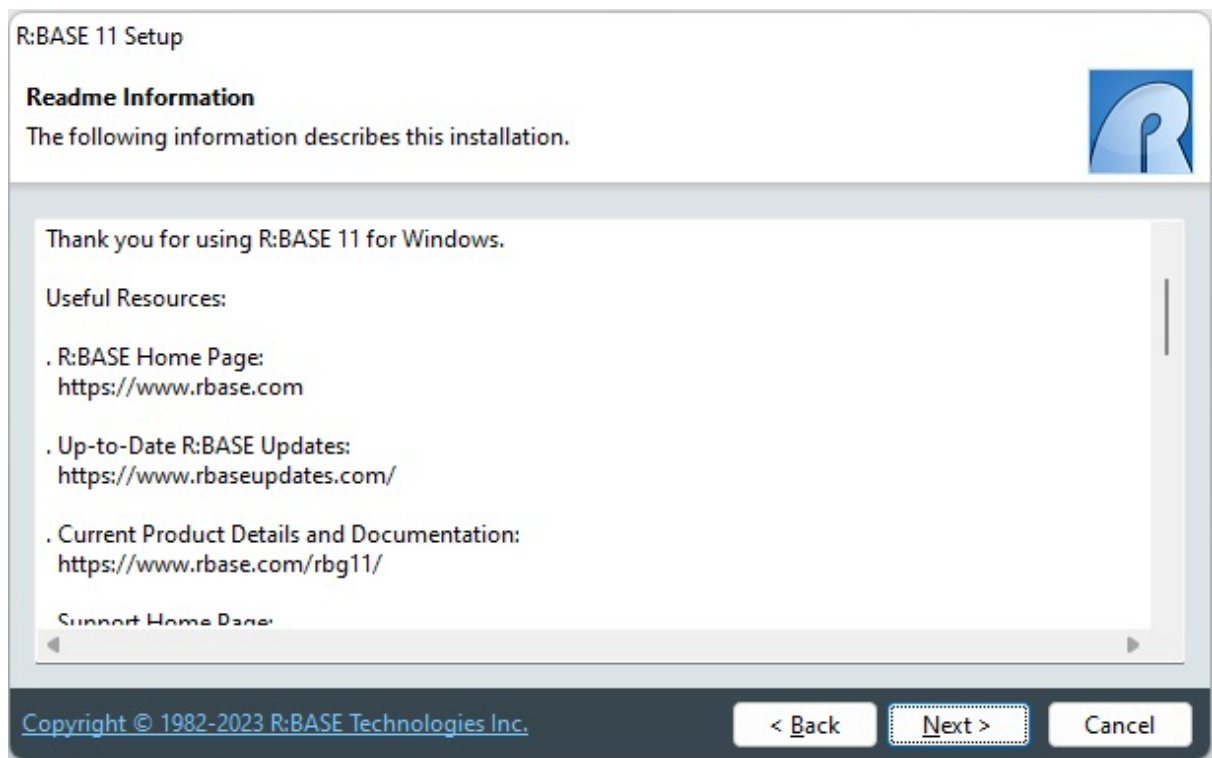

Print

Copyright © 1982-2023 R:BASE Technologies Inc.

< Back Next > Cancel

Before you will be allowed to continue, you must agree to the license by clicking the "I accept the license agreement" radio button. Only then will you be able to press the "Next" button to continue.

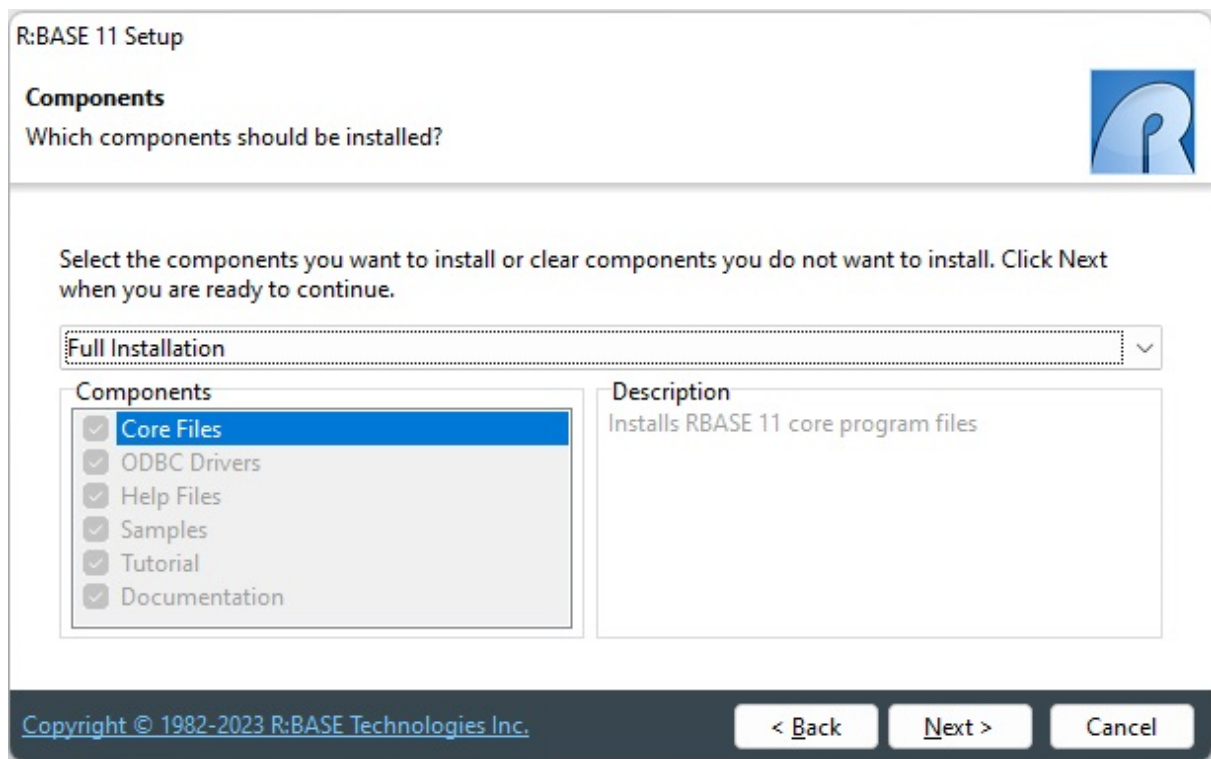

1.3.3 Readme Information

Press the "Next" button to continue after reading the information.

1.3.4 Components

The Components screen allows for four different installation methods for R:BASE; **Full**, **Compact**, **Custom** and **Server**.

Components	Full	Compact	Custom	Server
Core Files	Yes	Yes	Yes	Yes
ODBC	Yes	Yes	Optional	Yes
Help Files (CHM)	Yes	No	Optional	No
Documentation (PDF)	Yes	No	Optional	No
Samples	Yes	No	Optional	No
Tutorial	Yes	No	Optional	No
R:BASE Editor Schemes	All	R:BASE Only	All	R:BASE Only

Client Installation

The Full, Compact, and Custom installation options are for users that want R:BASE installed upon the client workstation. For the "Custom" installation option, a different set of files can be installed for each "Components" option selected. These methods will load the R:BASE executable into the program directory and the engine files into the system directory.

Server Installation

When choosing the Server Installation, all files are installed into the selected [Destination Folder](#). The Server Installation is the typical installation choice for network administrators and developers that want R:BASE installed upon a centralized location within a local area network.

It is beneficial to use this method when there are a great number of users which will be launching the R:BASE software. Another benefit is that when applying R:BASE updates, there is only one installation to be updated, other than updating every workstation individually.

1.3.5 User Information

The screenshot shows the 'R:BASE 11 Setup' window with the 'User Information' tab selected. The window has a title bar and a standard Windows-style interface. The 'User Information' section is highlighted in blue. It contains two text input fields for 'Full Name' and 'Organization'. Below these fields is a paragraph of text explaining the installation options. At the bottom, there are two radio buttons for selecting the installation scope, with the first option selected. The footer contains a copyright notice and three buttons: '< Back', 'Next >', and 'Cancel'.

R:BASE 11 Setup

User Information

Enter the following information to personalize your installation.

Full Name:

Organization:

The settings for this application can be installed for a current user or for all users that share this computer. You must have administrator rights to install the settings for all users.

Install this application for:

☒ Anyone who uses this computer

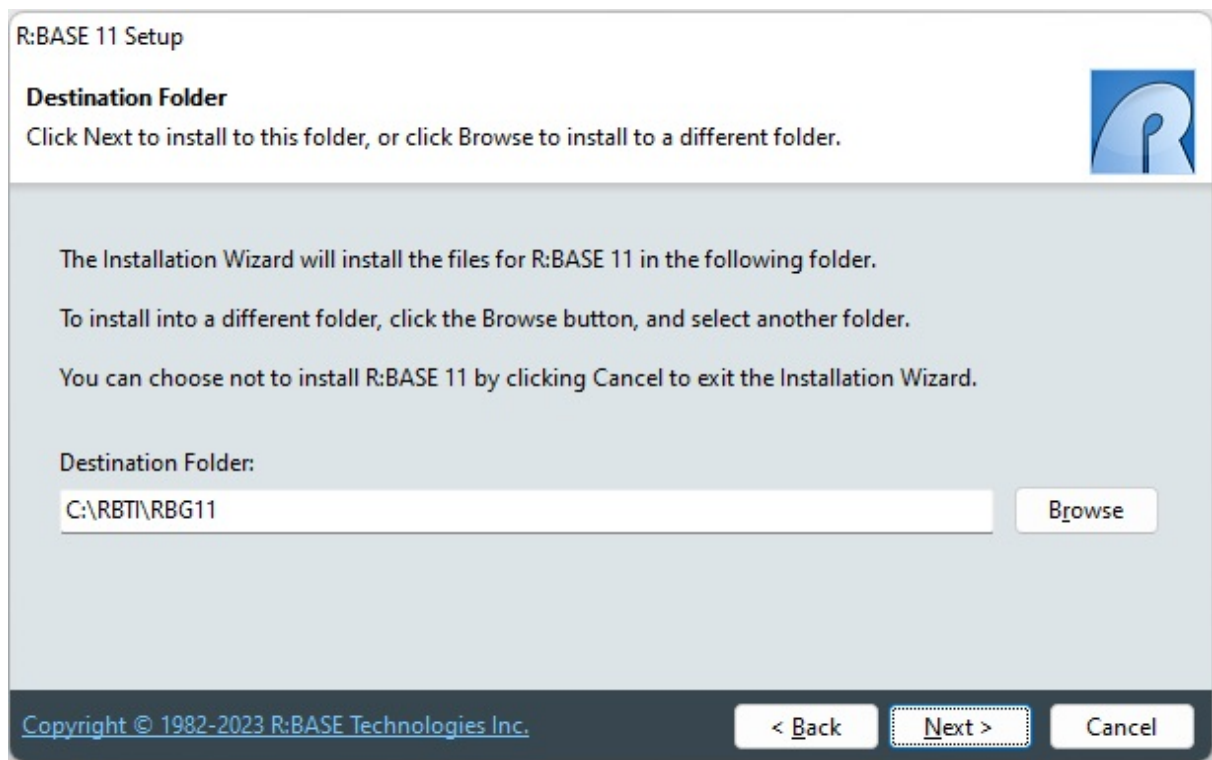

☐ Only for me

[Copyright © 1982-2023 R:BASE Technologies Inc.](#)

< Back Next > Cancel

The User Information screen allows you to enter personal information for the installation. You can also choose between installing the program for "Anyone who uses this computer" that may log onto the machine, or just for yourself. This option determines whether desktop and program shortcuts are provided just yourself, or all who use the computer. Select the appropriate radio button after entering your information and press "Next" to continue.

1.3.6 Destination Folder

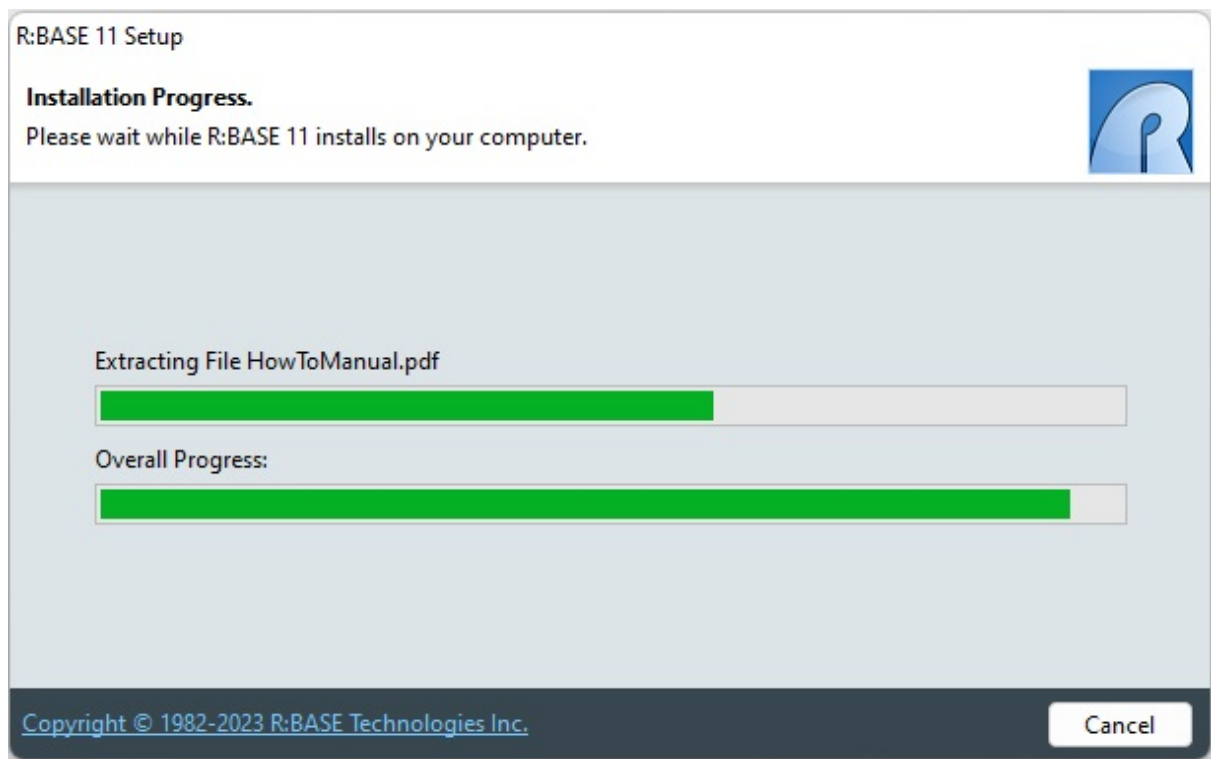

The Destination Folder screen allows you to tell the installer where you would like the program to be installed.

Simply click the "Browse" button to navigate to your desired location. The installer will create the directory you choose if it does not already exist. The program will be installed in a subdirectory of your chosen location.

When finished, press "Next" to continue.

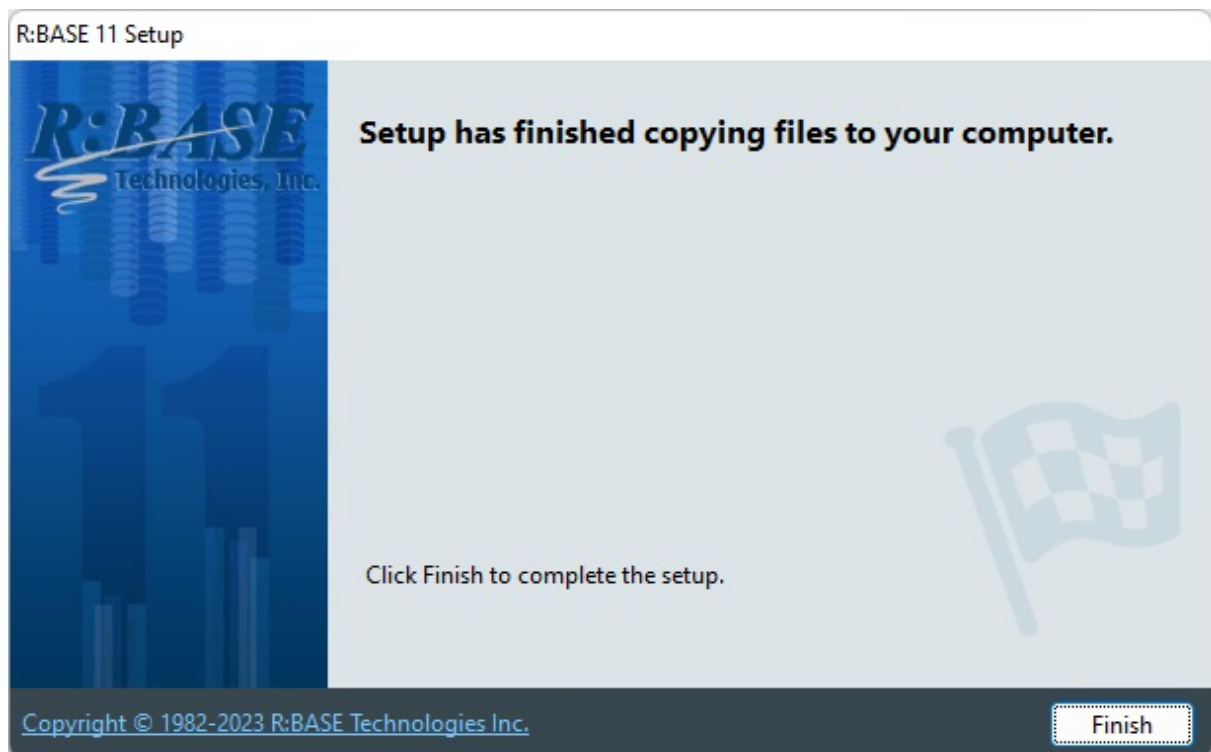

1.3.7 Installation Progress

The installation process will show you the status of the installation. If any errors occur, they will display during this process.

Sit back and relax while the program does its work!

1.3.8 Process Completed

When you receive this screen, the installation process has successfully completed.

Press "Finish" to finalize the installation and begin using R:BASE 11!

1.4 Starting R:BASE for the First Time

When starting R:BASE 11 for Windows for the first time, you will be prompted for your product License Key, followed by the activation process.

After launching R:BASE, you will be prompted to enter your 32-character License Key, which is provided with your product.

A dialog box titled "License Information" with a close button (X) in the top right corner. It contains a label "Enter License Key:" followed by eight empty text boxes separated by hyphens. At the bottom, there are three buttons: "Paste" (with a clipboard icon), "OK" (with a green checkmark icon), and "Cancel" (with a red X icon).

After entering the License Key, you will see a dialog to prompt for your activation method. The software can be activated automatically over the Internet, or manually by retrieving an Activation Key from R:BASE Technologies by email. If you select "Later", you will be reminded each time R:BASE starts to activate your copy.

A dialog box titled "R:BASE Activation Wizard" with a close button (X) in the top right corner. It contains a label "Select activation method:" followed by three radio button options. The first option, "Automatic activation process (recommended)", is selected and includes a description: "It is the easiest and quickest way to activate your software. Make sure your Internet connection is established. The wizard will automatically activate the product." The second option is "Manual activation process" with a description: "Use this option if the automatic activation failed for any reason, or if you prefer to send an e-mail to obtain an Activation Key." The third option is "Activate later". At the bottom, there are three buttons: "< Back", "Next >", and "Cancel".

When activating the software manually, you select the e-mail link to launch your email client and send a pre-formatted message to R:BASE Technologies that will contain your License Key and the displayed Computer ID. You will need to provide your R:BASE Registration Number and Computer ID.

At any time, you can review your product information by starting R:BASE 11, and selecting "Help" > "Product Activation" from the menu bar. Your R:BASE Registration Number is displayed on the window. You can also enter additional License Keys for R:BASE add-on products.

Please be advised that if you are activating multiple workstations, it is highly recommended that you keep records of the computer name, Computer ID and Activation Key for future reference. Access to this information will prove convenient in the event of a hardware failure or license transfer when uninstalling R:BASE.

Part

2 Product Updates

Be sure you have applied the latest updates for R:BASE after the installation. Product updates are available at <https://www.rbaseupdates.com>. Product updates are available to all current users who have purchased the product within one year or have subscribed to an R:BASE Software Assurance Plan (R:SAP).

R:BASE product updates are cumulative. You are only required to apply the latest update in order to update the program. All interim/previous updates do not need to be applied. After downloading and launching an update, the "Client" and "Server" update options are available:

Client Installation

Before installing R:BASE updates on client workstations, you must close the R:BASE program!

When applying updates for client installations you will use the "Typical Update" button. This will place R:BASE program DLLs into the system directory and R:BASE program executable and associated updates into the R:BASE program direct (default: C:\RBTI\RBG11). If you have altered the default installation path, you must use the "Browse" button to change the update destination for the R:BASE program files.

Server Installation

Before installing R:BASE updates on a server installation, you must make sure all client workstations close the R:BASE program!

When applying updates on the server, you will use the "Server Update" button. This will place R:BASE program DLLs, program executable, and associated updates into a single directory. You must use the "Browse" button to change the update destination for all of the R:BASE files.

Part

3 Technical Support

Please read over the help documentation at least once before seeking support. We have worked very hard to make the help documentation clear and useful, but concise. It is suggested that you reread these instructions once you have become accustomed to using the software, as new uses will become apparent.

If you have further questions, and cannot find the answers in the documentation, you can obtain information from the below sources:

- Email our Technical Support Staff at: support@rbase.com
- Access the R:BASE Technologies Support home page online at <https://www.rbase.com/support>

You may be required to purchase a technical support plan. Several support plans are available to suit the needs of all users. [Available Technical Support Plans](#)

Please be prepared to provide the following:

- The product registration number, which is located on the invoice/order slip for the purchased product
- The type of operating system and hardware in use
- Details regarding your operating environment; such as available memory, disk space, your version of R:BASE, local area network, special drivers, related database structures, application files, and other files that are used or accessed by your application

All provide information will be used to better assist you.

R:BASE Technologies has a number of different services available for R:BASE products. As a registered user, you will receive information about new features for R:BASE and other R:BASE Technologies products. Please remember to register your software. <https://www.rbase.com/register/>
